CLASS MIN: 12
CLASS MAX: 60

COURSE #: 1997
FEE: ???
TIME: 7:00a – 3:30p
OF CEU: 8 CEU
ROOM: Classroom A & B
ENROLLED: 0

The National Electrical Code (NEC) is the most widely recognized and accepted electrical standard in the world. Every three years the NEC is updated to reflect the newest installation practices utilized by the electrical industry. The Significant Changes to the 2017 NEC class is an invaluable resource for electricians, focusing on the most important changes that occurred between the 2014 and 2017 NEC. To assist and enhance your understanding of each revision, the class is arranged to follow the general layout of the NEC and each change is accompanied by helpful images or illustrations. In addition, background information and a discussion on the significance of the change will accompany the majority of the revisions. The comprehensive coverage offered in this class will enable attendees to gain a solid understanding and application of the requirements contained in the 2017 NEC. **There is a book fee (\$46.90) if you would like to keep the Significant Changes textbook, please let the Apprenticeship and Training Office know in advance.**

Electrical Compliance with the 2015 IBC (International Building Code)

INSTRUCTOR: Bill Neitzel
DATE: Monday, November 5, 2018
TOTAL HRS: 3 hrs. (1 class session)
LOCATION: Local 159 Training Center
CLASS MIN: 10

Madison Area Electrical Joint Apprenticeship and Training Committee

2018 – 2019 CONTINUING EDUCATION COURSE OFFERINGS

Emergency – Legally Required – Generators

INSTRUCTOR: Bill Neitzel
DATE: TBD; Spring 2019
TOTAL HRS: 3 hrs. (1 class session)
LOCATION: Local 159 Training Center
CLASS MIN: 10
CLASS MAX: 24

COURSE #: 2000
FEE: ???
TIME: 4:30p – 7:30p
OF CEU: 3 CEUs
ROOM: Classroom TBD
ENROLLED: 0

This course will provide students with an understanding of the rules in Article 700 (Emergency Systems) and Article 701 (Legally Required Systems) of the National Electrical Code (NEC). Participants in this course will compare the requirements of Article 700 and Article 701 of the NEC to the International Building Code (IBC) and the National Fire Protection Association (NFPA) requirements. Students will learn the different IBC and NFPA requirements that pertain to electricians on a regular basis.

First Aid/CPR

INSTRUCTOR: J Crabb/A Swartz/T Schleicher
DATE: Saturday, April 6, 2019 (if needed)
TOTAL HRS: 8 hrs. (1 class session)
LOCATION: Local 159 Training Center
CLASS MIN: 10
CLASS MAX: 22

COURSE #: 1912
FEE: ???
TIME: 7:30a – 4:00p
OF CEU: 8 CEU

Conductor Installations

INSTRUCTOR: Bill Neitzel
DATE: Tuesday, April 16, 2019
TOTAL HRS: 3 hrs. (1 class session)
LOCATION: Local 159 Training Center
CLASS MIN: 10
CLASS MAX: 24

COURSE #: 2001
FEE: ???
TIME: 4:30p – 7:30p
OF CEU: 3 CEUs
ROOM: Classroom A
ENROLLED: 0

This course will provide students with an understanding of the NEC requirements related to cable and conductor installations. Students will learn about the markings required on cables and conductors and what they mean. This course will review the termination requirements in Article 110.14 and other rules pertaining to terminations. Participants in this course will solve problems to help refine their understanding of the calculations used for conductor installations as they relate to Article 310, Chapter 9 and other sections of the NEC®.

Madison Area Electrical Joint Apprenticeship and Training Committee

2018 – 2019 CONTINUING EDUCATION COURSE OFFERINGS

Class Registration

To register, call the Apprenticeship and Training Office at (608) 221-3321

1. Registration deadline is 2 weeks prior to the class start. This allows ample time to order and receive textbooks and workbooks prior to the start of class.
 - a. Pre-registration for all course offerings is required.
 - b. Please note that all courses have a minimum enrollment number for the course to commence. As a result, all course schedules are subject to change and/or cancellation.
2. The Madison Area Electrical Joint Apprenticeship and Training Trust Committee will provide Continuing Education courses at IBEW Local 159's Training Center with no tuition cost for members in all classifications.
 - a. Effective July 28, 2015, the Madison Area Electrical Joint Apprenticeship and Training Trust has ended their Course Tuition Reimbursement Policy for all classifications except Inside (Construction) Apprentices, and Voice, Data, Video Apprentices.
3. The training trust fund will provide the necessary textbooks for use in the courses. The textbooks are to be returned at the completion of the course. The textbooks are available for purchase upon request.
 - a. Attendees that fail to return or provide payment for the textbooks will be prohibited from registering for future classes until the matter is resolved.
 - b. Attendees that wish to purchase the course materials must do so before retaining possession of the materials. (No billing; must be paid in full with check or money order prior to the conclusion of the course).
4. UPON DEMAND classes all maintain an active waiting list of members that are interested in taking the course. When enough names are on the waiting list, a firm start date will be set and the Class Schedule will be updated.
 - a. Please contact the Apprenticeship and Training Office to have your name placed on the waiting list for a specific course.

The Madison Area Electrical Joint Apprenticeship and Training Trust (JATT) Education Sub – Committee is actively seeking individuals who are willing to become involved in strengthening the IBEW-NECA educational team. If you have an interest in teaching or assisting with a course, please feel free to contact any Education Sub – Committee member or the Apprenticeship and Training Office. There are many opportunities available and training is provided. Applications are available at the Apprenticeship and Training Office.

The Madison Area Electrical Joint Apprenticeship and Training Committee (JATC), IBEW Local 159, and Madison Area Electrical Joint Apprenticeship and Training Trust (JATT) Education Sub – Committee are requesting feedback in regards to possible future course offerings.

Please contact the Apprenticeship and Training Office or any Madison Area Electrical Joint Apprenticeship and Training Trust (JATT) Education Sub – Committee member comments about any courses that you have attended.
